Hydra

Hydra S

Introducing Hydra, the newest addition to the completion race holster line-up by Ghost. The all-new Hydra provides shooters an option that combines the form and function of a shell holster with the unrestricted draw of a speed holster, creating the best of both worlds. Utilizing Ghost's proprietary quick-release trigger guard retention system, the Hydra is designed to firmly cradle and retain the pistol while still allowing a fast, smooth and fluid motion when drawing on-target. Especially well-suited for competition shooters in IPSC, USPSA and 3-Gun.

- Adjustability.**
- White screws on the holster allow you to adjust for a perfect fit.
- Belt Attachment Options:**
- Quick Release (Clip D)
 - Standard Belt Attachment

- Additional features:**
- Incredible retention system
 - Interchangeable inserts
 - Perfectly secure
 - Safe & Easy holstering

The One S

The One S holster is a special custom version of the best-selling Ghost's holster The One Evo. This special holster is available for the most popular gun models. Locking system with a polymer locking sphere. Adjustable barrel support for every kind of length. Belt attachment compatible with all belts up to 5cm height.

Training gun

Our plastic Training gun is perfect for the best training in safety.
Many training guns do not take into account a fundamental aspect: the magazines.
taking into account this fundamental aspect, our training gun covers both the
drawing/holstering of the weapon and the magazine change.
Each gun is supplied with two magazines:
one with the weight of an empty mag, and the other with the weight of a full magazine.
With this setup you now have the possibility to train in a more real-life situation.
Made from high impact resistant material, this training gun accepts all accessories which also can be placed on the
original gun.
